

LOCAL GIRL TO TAKE PROMINENT PART IN CAMBRIDGE CONVENTION

Next Tuesday, April 19, Memorial Hall and Sanders Theatre of Harvard University in Cambridge, will ring with the voices of nearly two thousand Christian Endeavorers from the nine local Christian Endeavor Unions throughout Middlesex County in its 43rd annual convention. It is interesting to note that the motto of this world-wide organization, "For Christ and the Church" is an ancient discarded motto of Harvard University, "Pro Christo et Ecclesiae." Miss Dorothea Johnson of Arlington will have a prominent part in the convention activities.

The members of the Cambridge Christian Endeavor Union have planned a program for the visiting young people, starting with the opening session at 10.30, the speaker being Rev. Ambrose Bailey, D. D., of Lowell. Following a box lunch, business session and conference led by well-known authorities on departmental work, the young people will spend the remainder of the afternoon in recreational activities including a baseball game on historic Cambridge Common, adjacent to the convention headquarters, and several tours through Harvard University and nearby places of Revolutionary War fame.

At 5.30 the group will reassemble for a banquet in Memorial Hall, the first in many years to include the entire group in one dining hall. At 6.30 the evening session with an address by Rev. Arthur Lee Kinsolving, D. D., of Boston, will bring an end to the day's activities. The devotional periods for the three sessions will be conducted by the three pastoral counselors of the Cambridge Christian Endeavor Union.

The Intermediate Christian Endeavor convention, held on the same day, will take place at the Old Cambridge Baptist Church. Meeting with the senior group for the morning and evening sessions, they will adjourn for their own convention at 1.30 at which time they will have conferences and an address by Rev. Richard M. Carroll of South Boston. This session will be under the direction of Miss Minnie I. Taylor of Cambridge.

The Junior Convention, held on Sunday April 17th, will bring some two hundred Junior Christian Endeavorers to the North Avenue Baptist Church, North Cambridge at 3 p. m. The conferences will be led by Walter Fingree, prayer meeting; Ralph Colby, officers; Charlotte Goddard, recreation, all of the Middlesex County Christian Endeavor Union; and Mrs. Harry Woodman, superintendents of the Massachusetts Christian Endeavor Union. Bible drills and "sharp-shooting" contests will tend to add zest to the program, which will be under the direction of Miss Dorothea Johnson of Arlington.

Several Permits For Buildings Given Out Here

New construction to the extent of \$12,585 was started in Arlington this week following the issuing of building permits to five local residents by the Building Inspector here last week.

Johnson, at 9 Perkins street; another garage to cost \$250 which will be built by Eugene Sarin, of 8 Herbert road, Arlington; repairs to a house at 60 Newland road, at a cost of \$1,650 by Howard J. Moran; and for a new one-family dwelling house to Axel C. B. Benson at 38 Pine Ridge road, at a cost of \$5,000.

In addition to these permits, the Inspector of Building issued nine plumbing and seventeen gas piping permits to Arlington residents last week.

9.30 a. m. Parade of Veterans, Ladies Auxiliaries, and Girl Scouts starts from Lockland Ave., parading over the following route, viz: Massachusetts avenue to Pleasant street. At Pleasant street burial ground a salute will be fired at the monument to the Soldiers of the American Revolution and an address made by Rev. John Nicol Mark, Chaplain of Post 39, American Legion. Following the sounding of Taps by buglers of the Girl Scouts the column will proceed down Broadway, through Foster street to Massachusetts avenue returning to Robbins Memorial Town Hall where it will be reviewed by town officials and their guests.

The Boy Scouts of America will perform special duty during the parade.

11 a. m. to 12 noon. Band Concert on steps of Robbins Memorial Town Hall.

The entire program will be under the direction of Arlington Post No. 39, American Legion. Warren E. Fife, Jr., Vice-Commander, Chairman of Committee.

The order of the parade will be as follows:

Chief Marshal, Maj.-Gen. Walter E. Lombard and Staff; Band; Corp. Wm. Power Kenibbs Camp No. 66, U. S. W. V.; Arlington Post No. 39, American Legion; Arlington Post No. 1775, V. F. All veterans of the Spanish-American War residing in Arlington and vicinity are invited to parade with Corp. Wm. Power Kenibbs Camp No. 66.

Menotomy Chapter, D. A. R. PLANTS LARGE CAMPUS ELM IN HONOR OF WASHINGTON

The regular meeting of Menotomy chapter Daughters of the American Revolution, was held on Friday with the regent, Mrs. E. B. Vinal, in the chair. The vice-regent, Mrs. Ernest Southwick, was hostess and provided a cake with nine candles in celebration of the ninth birthday of the chapter. Miss Sara Hardy Hunter, a representative of the Boston Edison Company, gave an address on George Washington and illustrated her remarks with stereopticon slides.

The chapter voted an additional gift to the Student Loan Fund of the Massachusetts State D. A. R. in honor of Miss Caroline D. Higgins, a former regent of the chapter who was recently elected state recording secretary.

At the Continental Congress, National Society, Daughters of the American Revolution which will convene in Washington the week of April 18, the chapter delegates will be the regent and Miss Evelyn P. Frost.

As a permanent memorial and as the chapter's contribution to the celebration of the two hundredth anniversary of the birth of George Washington the chapter has planted a thirty-five foot campus elm on the grounds of the Jason Russell House. This seemed the most fitting place for such a memorial because this house was standing near this location on the original Patriots' Day and many patriots lost their lives in the vicinity. The house is now the headquarters of the Arlington Historical Society. Arrangements for the planting were made by Mrs. Mortimer Wells, Miss Evelyn Frost, and Mrs. George O. Russell, with the cooperation of the Historical Society. The formal dedication of the tree will take place on April thirtieth at 2.30 p. m.

A report of the State Conference was given.

It was voted to place a tablet on or near the bicentennial tree at the Jason Russell House.

As is customary, Menotomy Chapter, D. A. R. will be hostess at the Robbins Memorial Hall for the exercises of the 19th of April. Miss Ednah Warren of 64 Gray street, Arlington, is in charge.

The next board meeting will be held May 17 at 1.30 p. m. at the home of the regent, Mrs. Eugene R. Vinal, 48 Robin Hood Road, Arlington.

An invitation from Franklin Shumway to visit Hillside School on June 22, was read by the secretary.

OLD ENGINE HOUSE IS TURNED OVER TO LOCAL MAN FOR TEN DOLLARS

The Old Engine House is to disappear!

George H. Johnson, of Arlington Heights, was given the right to tear down and remove the Old Engine house at the corner of Paul Revere road and Park avenue for the small sum of \$10, at a meeting of the Arlington Board of Selectmen in the town hall last Monday evening.

The house, a two-story affair, has been unoccupied for some time and was slightly damaged by fire last week. It is believed that this fire was set by boys.

The Selectmen have also appointed the Arlington American Legion band to furnish music for the Patriots' Day parade and concert which is scheduled to take place on the Town Hall steps shortly before noon, April 19.

Selectmen Leonard V. Collins, chairman of the board, was appointed to represent the Town at a State House hearing before the Committee on Rules regarding the proposed bill which would require the consent of three-fourths of the Middlesex county towns and cities before assessments against communities for hospitals and jails costing in excess to \$200,000 could be voted by the legislature. The hearing was scheduled to take place this morning at eleven o'clock.

Jurors for the first and third sessions of the Civil Court in Cambridge were drawn at Monday evening's meeting. They are Arthur Hewson, 158 Mystic Valley Parkway and Ernest A. Hardy, 7 Grove street, Arlington. These sessions will take place in May.

The board also signed the warrant for the Presidential primaries on April 26.

Former Local Resident Dies In New Jersey

Jerome W. O'Leary, former well-known resident of Arlington died at his home in Plainfield, N. J., recently, according to word received by friends in this town. He formerly lived in the Heights and was very active in public affairs.

Mr. O'Leary was a retired master mechanic of the New Haven Railroad, and a former superintendent of the Aluminum Plate and Press Company of Plainfield, now R. Hoe & Co.

After leaving Arlington, he resided for a time in New Haven, where he was active in politics for several years, serving as a member of the Board of Aldermen of that city.

Surviving Mr. O'Leary are three Arlington residents, two brothers, Michael E. O'Leary, who is in charge of the Peter C. and Shepherd Brooks estates in West Medford, and Timothy O'Leary, who served on the Arlington School Board for some 25 years, and a sister, Miss Elizabeth O'Leary, also of this town. Also surviving Mr. O'Leary are his wife, Mrs. Catherine V. O'Leary, two sons, Jerome V. and Harry F. and one daughter, Catherine J., all of Plainfield.

Stolen Car Is Recovered By Local Officer

Keen observance on the part of Arlington police officers returned to Arthur Mantini, 8 Curtis road, Woburn his sedan automobile early yesterday morning. The car had been stolen from Mantini last Saturday when he was held up at Wilmington by eight men who took him for a ride to Tewksbury and left him there. The men then proceeded to Arlington where they abandoned the car on Alton street.

The car bore registration plates number 587,857 and the police immediately notified Wilmington in this town. Police officers brought the owner to the local headquarters where Mantini identified the car as his.

Prominent Local Men To Present Benefit Show

Extensive preparations are being made for "The Dream of a Clown" which will be presented on Friday and Saturday evenings, April 22 and 23 at Town Hall. This all male extravaganza is being sponsored by the Girl Scout Council for the benefit of the Girl Scouts of Arlington.

The cast is made up of seventy prominent local business and professional men and carries the slogan, "All our women are men, yet every one a lady." It is hard to imagine anything more humorous than the men who keep the wheels of business turning in Arlington casting aside their formal garb and trailing about Town Hall in low cut evening gowns, high heeled slippers, and plumed fans. This is a gentlemen's show and they hope to show the ladies how it's done.

It is safe to say that nothing funnier has ever been produced here before, and probably never will be. From beginning to finish it is an uproarious farce, and will give the people of Arlington an opportunity of discovering how many talented artists and clever comedians there are among Arlington's well known men of this town.

The committee in charge are: General chairman, Mrs. J. W. Kidder. Cast: Mrs. Harold Yeames; Music: Mrs. C. Frederic Bailey; Tickets: Mrs. Howard Allen; Costumes: Mrs. Leroy Show; Mrs. Joseph McCann; Properties: Mrs. Stanley Marsh; Mrs. Leroy Eames; Posters: Mrs. Irving Poole; Publicity: Mrs. Arthur Sampson; Ushers: Mrs. Wm. Salter.

ARLINGTON TO TAKE PART IN APRIL 19th JOINT CELEBRATION

Town To Combine With Six Other Communities In Joint Observance of Patriots' Day—Riders Impersonating Paul Revere and William Dawes, Jr., To Appear Here At Noon—Major-General Walter E. Lombard Is Chairman of Local Committee In Charge

Seven cities and towns will combine in a joint George Washington Bicentennial and Patriots' Day celebration on April 19. Last night at Boston City Hall a meeting of representatives of the communities concerned was held. The meeting was arranged by the Patriots' Day Committee of the Boston Citizens' Public Celebrations Association in cooperation with the Boston George Washington Bicentennial Committee and the office of the Director of Public Celebrations. In attendance were officially designated representatives named by the Mayors or Selectmen of Arlington, Brookline, Cambridge, Lexington, Medford and Somerville; and also the chairmen of local committees from Roxbury and the North End sections of Boston.

The central feature of the celebration will be the customary annual reproduction in a somewhat modernized fashion of the famous historical rides of Paul Revere from North Square and William Dawes, Jr., from Eliot Square, Roxbury, each rider starting on horse-back at 10 a. m. and arriving at Lexington Green at noon. Receptions and other local ceremonies will be arranged in the several communities through which the riders pass. Last night's meeting was to co-ordinate the schedule as to the time and events.

The City of Boston will arrange for the two rides, with the cooperation of the cavalry of the Massachusetts National Guard, from which the riders impersonating Revere and Dawes will be selected, each accompanied by a mounted escort of cavalry.

Because this year is being commemorated the 200th anniversary of the birth of George Washington the Patriots' Day programme in the several cities and towns will take account of this fact.

The Boston program will begin with a flag raising at City Hall by Mayor Curley and then a short parade, headed by a battalion from the United States Navy, to North Square. Representatives of various historical and patriotic organizations have been invited. A tablet in memory of Champlain will be dedicated as arranged by the city Commission for the Marking of Historic Sites.

Because Patriots' Day this year is being commemorated more than usual in other sections of the country it was decided last night to arrange for a radio broadcast from Faneuil Hall, through the cooperation of the Ancient and Honorable Artillery Company and the National Broadcasting Company.

which the state holds unjustified.

The communication sent to the aldermen is Mayor Burke's answer to the controversy between his office and that of former Commissioner Charles M. Doherty which resulted in the Mayor's refusal to reappoint Doherty. Instead he appointed Capt. Robert M. Magee to the position and Capt. Magee has since been carrying on the work of the office.

All New Applications

With the taking up of his work, Capt. Magee has required new applications from all receiving Soldiers' Relief aid. This has been conducted by his own investigators. The report from State Commissioner Flynn applies to the cases under former Commissioner Doherty and not to those under Capt. Magee. Mayor Burke started an independent investigation into the matter of Soldiers' Relief when he took office. Learning that such an investigation was under way, State Commissioner Flynn asked Mayor Burke if he did not desire the assistance of two state investigators experienced in that work. Mayor Burke accepted the offer and the two investigators at once went to work. About 150 cases were investigated.

City Was Loser

As a result of the investigation and the report sent to the mayor by Commissioner Flynn, Mayor Burke believes that the city was losing out several thousand dollars annually which it should not pay out, and he recommends to the aldermen that Capt. Magee's position be made a full time position.

The investigation shows that the state investigators made some startling conditions. It shows at least two cases where men declined to work because they were better off not to work. It shows many instances where payments were made to persons to aid them in purchasing homes through mortgages. It reveals instances where people had considerable sums on deposit in banks.

Conditions Revealed

It shows that the city continued to pay relief after some recipients had received several hundreds of dollars in bonuses. It shows cases where persons receiving relief are paying high rents for their homes. It shows cases where others in the household are earning good wages and are unable to take care of the recipient of the relief. It shows cases where persons are able to loaf and do no work because relief is given to some other member in the household is sufficient to care for them without working.

In the complete list of cases investigated, Commissioner Flynn points to only one case where an applicant is receiving too little aid. The complete list of cases receiving soldiers' relief is given herewith. Necessarily the names of persons receiving such aid are omitted.

In his communication to the aldermen last night submitted the information to the board, Mayor Burke says:

Full Time Agent

Gentlemen: Attached hereto you will find a copy of a report received from Richard R. Flynn, Commissioner of State Aid and Pensions.

This report is the result of an investigation by representatives from the office of the Commissioner of State Aid and Pensions. This investigation was made immediately after the resignation of the former Agent of Soldiers' Relief and State Aid of this city was received.

It must be borne in mind that none of these cases were new cases under the present Soldiers' Relief Commissioner. Practically all of these cases were old ones. It is my thought that the Commissioner's recommendation for a full time commissioner is a wise one. I therefore recommend it without hesitation and hope that your Honorable Board will give me the necessary authority to carry out the recommendations of the State Aid and Soldiers' Relief Commissioner, as I believe that they are a benefit to the taxpayer and the veteran and to all concerned.

Hoping that your Honorable Board may see fit to accept the recommendations of the Commissioner. I remain, Very truly yours, John H. Burke, Mayor.

Commissioner Flynn's Letter Hon. John H. Burke, Mayor, City of Medford, Mass.

Dear Sir: You will find enclosed a statement of comments in the recent examination of your soldiers' aid cases by this department. At the time of the visit of our agents to your city, they found very chaotic condition owing to the fact that the former Soldiers' Relief Commissioner had resigned, which resignation was accepted by you. Had you kept Mr. Doherty on the job until the agents had completed their investigation, it would have been of great help to our investigators, and would have given your new Commissioner a chance to get acquainted with the conditions while our agents were checking up on your applicants. I am convinced after looking over the reports that in a city of your size, especially by reason of the tremendous increase in claims for relief, part-time employment of the Commissioner, will, without doubt, prove an expensive proposition to your city and the cause of a great deal of dissatisfaction on the part of veterans and dependents who are not getting proper service. Every case should be examined before being placed on the rolls and a follow-up made in order to be assured that your cases are in need of the relief paid. We therefore feel that the Commissioner should give full time to the duties of the department, and so recommend.

Another thing our agents noted is the lack of room for the Soldiers' Relief Department to func-

tion properly. The Soldiers' Relief Commissioner has only desk room; the office being already occupied by several others and there is not therefore the proper privacy that should be in a well-regulated Soldiers' Relief Department. Naturally a needy veteran and his dependents shrink from notoriety that they are now obliged to meet in presenting their claims for relief. There should be a separate room assigned to your Commissioner to do the work properly.

Furthermore, you are lacking the proper system of recording and filing your claims for all forms of soldiers' aid, and I would suggest that a system be established and installed at once.

A year will note by the comments made from our agents' reports, you will observe a number of applicants receiving aid who have property mortgaged in co-operative banks, that a number receiving aid have court records, and I was astonished to find so many cases receiving relief who are paying exorbitant rents. As a rule, taxpayers are generously disposed in the matter of aiding veterans, but they resent very much helping cases where a certain proportion of the amount of amount granted is applied to the acquisition of property by co-operative plan.

Apparently there seems to be no disposition in many of your veterans' cases to adapt themselves to conditions brought about by business depression. It is a pleasure, however, to be able to report that the great majority of your veterans and their dependents are excellent people and, without doubt, victims of conditions brought about by the present depression. It is therefore very important that you have a man in the Soldiers' Relief Department who can approach these cases in a business-like manner and show them a way out of their financial difficulties.

I trust that the comments accompanying this letter will give you a better understanding of the individual cases, and if we can be of further service to you in the solution of your Soldiers' Relief problems, I shall be glad to hear from you.

Respectfully, (signed) Richard R. Flynn, Commissioner.

Reports on Cases

Hon. John H. Burke, Mayor of Medford, Medford, Massachusetts.

Dear Sir: I have to advise regarding the recent examination made by our agents, concerning the following Civil War cases. — widow of —, is not yet in receipt of pension. There is no doubt as to the need of the relief now being paid her up to the time the pension of \$40 will be granted. When in receipt of same it may be well to take up the case then for another review.

— widow of —, seems to have a good case for the State Aid of \$6 a month now paid her. We note that the niece is caring for the rent.

— widow of —, seems to need the Soldiers' Relief and State Aid paid her. Settlement appears to be in Everett and Soldiers' Relief of \$8 is paid by that city. The applicant was visiting in Arlington at the time of our agent's visit. If she has not returned to Medford, the State Aid should be withheld.

— widow of —, would seem to need the \$10 State Aid paid her in addition to United States pension.

— widow of —, died on the 29th ultimo. You will suspend State Aid after February payment.

Supports Grandson — widow of —, has a grandson, age 20, living with her who is not paying his board at present. — is paying \$35 a month rent which is rather steep for a person with her income. I must ask you to give us a new report in this case after May payment. It may be well to have your agent visit and state to you that you expect the grandson to at least pay his way as we cannot aid her to support other members of the family.

— widow of —, has a good case to continue in view of her extreme age of almost ninety-four.

— widow of —, you may continue until otherwise ordered.

— widow of —, is in need of aid in addition to pension.

\$743 In Bank — widow of —, can very well be suspended after March payment in view of the deposit in the bank of \$743 in the Medford Trust Company. Furthermore, we note she is paying \$45 a month for rent which is too large an amount to pay for a person receiving assistance from the State and your City.

Has \$3,000 Equity — widow of —, has a \$3,000 equity in property and a grandson, age twenty, is paying nothing for his board and room. In view of the pension of \$40 that — receives and equity in real estate, and boarding her grandson free, we must suspend aid after March.

Concerning the following Spanish War — widow of —, would appear to have a good case for the assistance she is receiving if she did not have a brother living in her home who is unemployed and not paying his way. It may be well for you to have your agent visit — and state that we cannot assist her if she is supporting adult relatives outside of her children.

— widow of —, has a \$25 Soldiers' Relief. This is an other case where the man is paying \$40 a month for rent which is entirely too large for a person with his income. If some steps are not taken by him in the matter of reducing rental, you would be justified in reducing Soldiers' Relief substantially.

— widow of —, would appear to have a good case for suspension of the present amount of State Aid in addition to \$50 pension.

Has \$4,000 Equity — widow of —, does not appear to have a good case for Soldiers' Relief as she has a \$4,000 equity in real estate. There is no doubt but that the adult children are living on the mother's income. One child, —

is an invalid; —, 24, is out of work and cannot find a job;

—, 21, is employed and contributes \$7 weekly which is merely enough to support herself.

—, formerly widow of —, could very well stand a reduction in Soldiers' Relief to \$25 a month for the support of her child. — is not eligible for Soldiers' Relief in her own right by reason of her re-marriage.

— widow of —, would have a good case for relief were it not for the fact that she is paying for property through a Co-Operative Bank. Taxpayers are not disposed to grant relief to persons who are acquiring real estate by co-operative plan.

This woman should arrange for a straightline mortgage through an individual or bank, or if the bank is willing to accept interest charges only it may be well to continue the Soldiers' Relief paid her.

— is now receiving \$60 a month pension and can stand reduction in State Aid to \$6 a month from April last for two months and then suspend, as he has no dependents and \$60 pension should care for him at least during the summer months when it does not cost so much to live.

— widow of —, seems to have a good case for assistance. This woman has a large family of children. The two oldest, however, do not come under the provisions of the Soldiers' Relief law and should find work to do. It is also noted that she has an invalid mother living with her. If the mother could be aided through Public Welfare or Old Age Assistance, you may reduce your Soldiers' Relief responsibility in the case.

— widow of — receives \$36 a month pension and owns her own home valued at \$1800 on which there is a mortgage of \$1100. What I do not like about the case is the son, —, age 24, earning \$18 a week, only paying \$8 into the home and expecting your city to grant Soldiers' Relief for the support of the mother and younger brothers and sisters. No doubt you could reduce Soldiers' Relief considerably or suspend if the above son contributes a fair amount of his earnings. I would suggest that you take this matter up with — and state to her what you expect the boy to do.

— formerly-widow of — would seem to need the present amount of State Aid in addition to pension. I find, however, that aid expired by limitation after the December payment and a new report should have been mailed to us not later than the last week in January if aid is to be continued.

Concerning the following Philippine Insurrection service cases, I find that — widow of — pays \$38 a month for rent. She receives \$30 a month pension and \$25 Soldiers' Relief. I cannot understand how this woman pays \$38 a month rent on the income she receives from pension. I think in fairness to your taxpayers that Soldiers' Relief should be suspended until she finds reduced rental.

— under present conditions would appear to need the aid paid him in addition to pension. This man had a serious automobile accident and we suggest calling him each month as to the adjustment of insurance for the automobile injuries.

— Mexican Border service, has not a case for Soldiers' Relief. I note by the report that he received \$40 for February. The Soldiers' Relief is does not apply to those who served on the Mexican Border and the payment of Soldiers' Relief in this case is not legal.

Regarding the following World War cases, have to advise that — seems like a deserving case. This is another one of your relief cases that is paying \$38 a month rent. I wonder how he can meet this expense in view of his income and support a large family. I note the grandmother, —, is now the grandmother.

Civil War widow, ninety-four years of age, who receives pension and State Aid, pays \$25 a month into the home. — is a needy case. The Soldiers' Relief paid this man just meets the expense of his rent and leaves nothing on which to live. There must be some income to meet the expense of necessities of life which is not noted in the report. I may be that he is being trusted for rental.

— has not a case for relief with an equity of \$3700 in real estate. One apartment is rented at \$45 a month and the garages for \$6. This veteran receives \$20 a month compensation and managed to earn \$12 in March prior to the examination. The man has a deserving case but is not in need of assistance.

— earned \$47.50 up to the date of the examination and is receiving \$18 a month Disability Allowance which should care for the case. Furthermore, I note the ownership of an automobile. The case is not one for aid at present.

— appears to be a needy case and should be granted assistance. — has not a Soldiers' Relief case and the man is now receiving Public Welfare assistance. His court record is very far from being favorable.

In order to have a real understanding of the case of —, we find it necessary to have the soldier, —, get a statement from him as to what we will later advise you to what we feel should be done for —. I would advise suspension of this man's aid in view of his court record.

— widow of —, does not appear to have a case for Soldiers' Relief. She is receiving \$18 a week from Workmen's Compensation. She appears to be supporting a sister, twenty-four years of age, who is not employed. Also, is paying for property through a Co-Operative Bank mortgage.

— widow of —, seems to be deserving of the aid that she is being paid for herself and four children.

— does not seem to have a case for Soldiers' Relief at present. The man is paying \$36.35 every month on a Co-Operative Bank mortgage, and the second mortgage costs him \$3 a month. Furthermore, he is paying \$15 monthly on life insurance. This man is obliged to meet an ex-

pense of \$54.35 on insurance and property.

— seems to be in need of the Soldiers' Relief you are now paying of \$25 a month.

— has a good case for State Aid continuance. However, I think it may be well to have the man call here for Surgeon General's examination on some Tuesday or Thursday at 11.30. It is the opinion of our agent that he may be more or less of a mental case.

— has a good case to help and appears to be deserving of the \$35 Soldiers' Relief now paid him.

— is receiving \$33 compensation and \$40 Soldiers' Relief. The soldier and his wife are entitled to State Aid and if same is granted it would lessen the responsibility of your city considerably.

Doubt Status — Relative to —, we doubt the legal marriage status of this veteran as it appears that his former wife divorced him and he married his present wife before two years had expired after the date of the divorce.

— has a court record for drunken driving less than a year ago and would not have a case for Soldiers' Relief by reason of same.

— seems to have a deserving case and appears in need of State Aid and Soldiers' Relief paid him in addition to compensation.

— seems to be another worthy case. This man pays \$35 a month for rent and is receiving \$35 a month Soldiers' Relief. If his rent is paid he has nothing to live on. This is another case where I would suggest the man adapting himself to lesser rental.

— is paying on a Co-Operative Bank mortgage. The man has no worthwhile equity in property and if the bank is willing to accept interest charges, it may be well to continue the present allowance of Soldiers' Relief. It would be better if arrangements could be made for a straightline mortgage through a savings bank or individual.

— has not a good case by reason of a long court record for drunkenness.

— is another case that would be a good one for relief were it not for the fact that he is paying an O Co-Operative Bank mortgage of \$2800. The same suggestion applies in this case as referred to in other cases who are paying on co-operative plan mortgages.

— receives \$40 a month compensation and is paying \$38 a month for rent, which is absolutely out of reason for a person of his income. Under ordinary circumstances \$20 Soldiers' Relief in addition to \$40 compensation should care for the man with a wife and two children on our standard of relief.

— has an equity of about \$1250 in property and is also paying on a mortgage in the Medford Co-Operative Bank. This case should comply with the requirements of similar cases and if the man does not cooperate with you in relation to having the mortgage changed from co-operative plan, Soldiers' Relief should be suspended.

No Room Expense — widow of —, appears to be under no expense for room and board for herself and child and you are paying \$25 a month Soldiers' Relief. As she is housekeeper for her father, she should at least receive enough remuneration from same to care for her self and child without assistance from Medford in Soldiers' Relief.

— would appear to be deserving of the help you are giving him. — is also in need of the aid he is receiving in addition to compensation.

— should try to do something for himself. This veteran, I feel, is not going to exert himself a great deal as long as he gets government compensation and relief from the City and State. He has been trying to do some house to house canvassing but without a great deal of success. I may be well for your agent to try to straighten this man out and have him show how to become in some degree self-supporting.

— seems to be in need of the aid now paid him. I think it may be well, however, for your Soldiers' Relief Agent to check up on this case occasionally in view of the fact that you are paying \$45 a month Soldiers' Relief.

— has an equity of about \$1000 in real estate. The man complains of being afflicted with arthritis and is under treatment for same all the time. He stated to our agent that he would prefer a job rather than assistance. The case appears like a deserving one at present.

It would appear from the report that — is in need of the aid paid him. Being single, however, it may be well to suggest to him that he ought to try and get off the rolls by the first of May and find something that he can do.

Receives Compensation — is receiving \$25 a month compensation and expects to be called back to work soon. I note he is receiving \$35 a month for rent. At the time of our agent's visit he was not in receipt of relief. Without doubt the man needs some assistance until he gets back to work. However, if it is going to be a long drawn out case, he should first reduce his rental.

— would appear to have a good case were it not for the fact that he has a very substantial rent to pay of \$30 a month. The authorization for State Aid in this case was from January 1st for five months and report after May I trust by that time that he will be able to get along.

— has been recently in trouble with the police and we understand that the man is now under \$10,000 bail for grand larceny. The case has not come to trial yet. It appears that he was caught in the act of stealing a safe from a bakery on — avenue, Boston. If this veteran is in receipt of any form of State

Aid or Soldiers' Relief, same should be suspended at once.

— is asking aid for her daughter, —, a child by her former marriage. I understand that she is divorced from her second husband, —, and he is paying \$20 a week alimony. This money should care for herself and child in comfort.

— is reported by our agent as having been arrested as late as October 31 of last year for being drunk and was fined. Under the circumstances, I do not advise the payment of Soldiers' Relief until at least one year has elapsed from the date of the last court record.

— receives \$71 compensation and you are paying \$30 Soldiers' Relief. I note this veteran also pays a large rental of \$40 a month. In our standard of relief, we do not allow over \$30 a month to a family of eight. It therefore seems that the best procedure for your city to follow is to recommend an allowance of State Aid for this veteran.

However, we expect him to find a much reduced rental before State Aid can be granted.

Seems Worthy — would seem to have a worthy case. The mother should be helped either by Old Age Assistance or Soldiers' Relief. If the woman can show actual dependency on the soldier, she would be entitled to Soldiers' Relief in the city or town of her legal settlement.

— has a good case to help when he gets rid of his automobile. Furthermore, we note this veteran pays \$35 a month rent. It may be well to tell this man that he should find reduced rental if he expects to be assisted.

— the first thing he should do, however, is to get rid of the automobile which is registered for this year.

— appears to be a case that has been well treated by you. The man is receiving Soldiers' Relief in addition to pension of \$18 a month.

— after the examination called back later and stated to our agent that he was not anxious to get Soldiers' Relief as he was able to find work to do. You may therefore drop the case off the Soldiers' Relief rolls.

— appears very much like a Military Aid case in view of the fact that the man is reported as suffering from a serious stomach condition.

— apparently needs the aid granted. I cannot understand why this veteran does not receive Disability Allowance and I wonder if he is pressing his claim with a great deal of push. The man is reported to be mentally affected and cannot work. If he is that type, it may be necessary to have somebody interest themselves from your city and I would suggest that Capt. Magee do so in order to protect the veteran's rights.

— and —, minor-children of —, understand that the mother is re-married that she is reported to be legally settled in Boston and if such is the case application for the children of the veteran should be made in Boston because — last her settlement in Medford by marrying a man settled in Boston and the children, under the settlement law, follow and gain the settlement of the mother.

When this woman called here on the 17th instant, she was advised in relation to the procedure to follow and I bring this matter to your attention so that you may not be misinformed as to the settlement law and grant Soldiers' Relief for the support of the children when they do not belong to you by reason of the change of settlement.

— received \$45 Soldiers' Relief in January. Without doubt the present amount of aid is absolutely inadequate for the support of ten. I think that he is another one of your cases that pays too much rental at \$33 a month. He certainly cannot live on what he receives from Soldiers' Relief and pay rent and support his family. This case ought to be checked over very carefully by your agent and if it is found that the man is not employed extra assistance should be granted.

Military Aid Case — would seem to be a Military Aid case for the present. If he makes application for same, the veteran should be sent here on some Tuesday or Thursday for Surgeon General's examination. Our agent reports this man as being worthy.

— widow of —, died December 7, 1931, and the children are now in the care of —, street, Medford. If these children are to be helped the money should be paid to their legally appointed guardian. Mr. Magee stated to our agent that he is going to look up the family and notify this office.

— has such a bad court record that the same is a bar to the receipt of Soldiers' Relief.

— is a single man and is paid \$25 Soldiers' Relief. The man stated he cannot find anything to do. I think in the case of a single man a check-up should be made to ascertain if they are really cooperating in the matter of finding something in the way of employment.

— seems like a Military Aid case in addition to the \$30 Soldiers' Relief now paid this family. —, judging by the statement of our agent, it would indicate that the man has a physical condition that would entitle him to Military Aid consideration. Without doubt there is need of the present amount of Soldiers' Relief.

— has an income of \$50 a month and is paying \$30 a month rent. No doubt there is need of the aid, in fact same should be substantially increased, but the first step this man should take is to look for reduced rental. The man has a wife and five children to support and with a family of seven we feel the least they can get along with is \$75 a month.

— widow of —, it appears to us that this woman should be able to do some work.

She is thirty-one years of age, the child is grown-up, and she is living with her father and brother. I can understand the matter of aid to widows who are advanced in age but we cannot encourage young women to stay at home all day and ask the City of Medford to grant relief.

— widow of —, should adjust herself to reduced conditions and not take on the responsibility of heavy mortgage and interest. The woman does not appear to have a case for Soldiers' Relief. She manages to earn \$13.75 a week, or approximately \$55 a month, one apartment is rented for \$40, a two-car garage is rented for \$11, and one room is rented for \$5 a week. In other words, she has an income of \$126 a month. The interest on one mortgage amounts to \$390 a year and the second mortgage \$100, a total of \$490 annually in interest money without taking into consideration water and taxes.

Needs Relief — was interviewed on March 12th and we are advised that the soldier passed away on the 18th. Without doubt the man's widow and child would need Soldiers' Relief until the Adjusted Compensation check comes through.

— would have a good case were it not for the Co-Operative Bank responsibility he has assumed. It appears that his property is assessed for \$2800 and the Co-Operative Bank mortgage costs him \$30 a month.

We find that — received a loan of \$778.50 on his bonus in January last but apparently said nothing about it. He has been on the State Aid rolls at \$9 from January 1st for four months. You will therefore suspend State Aid. It also appears that his wife's father is living on him.

— case seems to have a worthy father by reason of the fact that the man is now in a Government Hospital. The wife, being deceased his children are now being cared for by an aunt.

— earns \$18 a week and is receiving \$18 monthly disability allowance. His parents do not appear to be eligible to receive Soldiers' Relief. The support of the parents should be a divided responsibility with other members of the family.

— has a good case but the man is paying \$40 a month rent. I am wondering how he can pay it on his present income from Soldiers' Relief of \$45 and support a wife and two children.

— would be another good case to help were it not for the fact that he also is paying \$40 a month rent.

We are not impressed with the case of — by reason of his court record, several being for drunkenness and three for violation of the automobile laws. One is as late as September 2, 1931.

Owens \$9800 House — appears like a suspicious case and we would suggest that you drop Soldiers' Relief as he would not give us any information. The veteran owns a house at the corner of — streets, Somerville, assessed for \$9,800 and has two mortgages amounting to \$4,900. It appears that on March 12th he telephoned your City Hall and wished to know if a check would be sent to him as he was working but failed to state for whom or where. He stated that he would call on the 14th but failed to do so. I would suggest that his name be taken from the rolls.

— would seem like a worthy case and in need of the aid paid him.

No Settlement Here — I do not see how — could have gained a settlement in Medford. Furthermore, I note he pays \$40 a month rent. It is noted in the report that he lived in Springfield from 1922 until September, 1929, which would give him a settlement in Springfield. He certainly could not have gained a settlement in your city since he took up his residence in September, 1929.

— earned \$45 in February and received \$30 Soldiers' Relief. The man is paying \$40 a month rent. It will be impossible for this man to support his family of a wife and two children on his income if his rental is not reduced substantially.

— would not be a case for help. The man's wife is earning \$90 a month and the veteran averages \$16 a month on commission basis.

— has not a case for relief. The man has been ordered by the court to support his child and it is not the intention of the relief laws to help veterans make good on court orders where it concerns support of their children.

Has Court Record — has a court record for drunkenness and has been divorced from his wife as recently as December, 1931. The man does not impress us as being worthy.

— is employed part-time and earns \$10 a week. He is receiving \$12 a month pension. He has a wife and four children and whether child is expected very soon. I doubt he is in need of the help. — feel, however, that a check up of his earnings should be made by your Mr. Magee.

— is no doubt in need of the aid paid him but the man is paying \$35 a month for rent on an income of \$45 Soldiers' Relief and he has a wife and four little children to support. This man should endeavor to reduce his rental to a more reasonable figure.

— appears deserving of the aid paid him.

Runs An Auto — should get rid of the automobile if he is to be helped.

— receives \$45 a month Soldiers' Relief in addition to pension. The man has no children and under our standard of relief \$40 is the most we consider in the payment of relief to two persons who are not in receipt of other income. With pension, State Aid and Soldiers' Relief his income would be \$63 a month. Furthermore this vet-

eran is paying \$35 a month rent. Soldiers' Relief could very well be reduced to \$12 a month in our opinion. Another thing I do not like about the case is a court record as late as March 4, 1930 for drunkenness.

— would have a good case to aid but for the fact that he is paying \$50 a month for rent.

— widow of —, seems like a worthy case.

— seems like a good case to help for the present.

— without doubt needs the aid but he is paying \$35 a month for rent.

— would seem like a worthy soldier and in need of the aid paid him. The mother of the veteran, —, does not seem to be eligible for the reason that her husband is living and it is also noted that she is a re-married mother.

— is deserving of aid were it not for the fact that he is paying \$35 rent.

— pays \$35 a month rent and if aid is to be continued he must find reduced rental.

— should be referred to Malden as the facts would indicate that settlement belongs in that city. The man called here recently and stated that he needed Soldiers' Relief for his mother. If the mother is legally dependent and settlement is in Malden, the case should be taken up with the Malden Office.

Is Boston Case — address was not known and a check up could not be made on the case. However, I note Boston has

BUILDING ON INCREASE

The total building permits granted during March of this year in Arlington were greater than the combined number granted during January and February.

While Arlington is ahead of many communities in the State in its building program nevertheless the record this year is not nearly equal to the record of 1930 and 1931 for the same period.

Figures submitted by Building Inspector William Gratto showed that during March, this year, 24 building permits were granted for construction to cost \$68,825. During March, 1931 permits for new construction amounting to \$117,090 were issued, while in 1930 permits for new construction to cost \$131,090 were granted but that year one of the permits was for an apartment house to cost \$33,000.

This year during February only nine permits were granted for new construction to cost \$14,960 so that there has been a sharp pick-up during the past month. Of last month's permits 10 were for one family houses to cost \$60,000.

The one-family house seems to be maintaining its popularity as 48 per cent of the total dollars spent on residential building in the United States last year was for new one-family house construction.

THE FRIENDS OF DEPRESSION

Idle dollars are the best friends of depression.

They do no one good. Stuck away in strong boxes—or socks—they are entirely worthless. They are unable to do their bit in carrying on the financial work of the world. They are a sign of fear, of a hysterical kind of conservatism that mistakes hoarding for thrift.

True thrift is a fine thing. It is the source of the money that builds plants, buys and operates machinery employs men, keeps the wheels of industry going.

As an advertisement of the Northern States Power Company recently said: "The opportunity to earn a return on investment is better today than for years. Banks pay interest on deposits regularly. Sound securities earn, and pay, a regular, safe income."

The hoarder is cheating himself—of greater importance, he is cheating us all. He is prolonging unemployment, profiteering, the accumulation of goods for which there is no market because people have no money to buy. He is, in the full sense of the word, anti-social.

This is worth remembering: Idle dollars are the best friends of depression.

ACCIDENT PREVENTION AND EDUCATION

What education can do to prevent accidents is shown by a chart recently issued by the National Bureau of Casualty and Surety Underwriters, detailing the trend in street accidents in New York City from 1922 to 1931, inclusive.

During this period, fatalities to adults steadily increased. There were 909 deaths in 1931, as compared with 487 in 1922—a jump of 85 percent. In the cases of children, on the other hand, the rate has steadily gone down. Three hundred twelve were killed in 1931, as compared with 477 in 1922—a drop of 35 per cent. It is estimated that 3,458 children are now living who would have been killed had their accident rate increased along with that of adults during the ten-year period.

Other communities, large and small, have found that accident prevention work in schools produces similar results. The young mind is open to suggestion and easily absorbs accident prevention information, especially when vividly presented. The adult mind, on the other hand, being less malleable, offers greater resistance to the influx of knowledge. The lessons these children have learned will stay with them in future years and will be a mighty influence for accident prevention among adults of coming generations.

There is not a school in the country which, out of justice to its charges, can afford to leave accident prevention out of its curriculum. No educational work can be of greater value than that which saves lives. Furthermore, it would be a good thing if adults took the example of their children and made an honest effort to develop their own "safety consciousness."

The Spotlight on Arlington Sports

By Bob Forest

Keeping in shape, and training every day, in the hope that they will not be in vain. "Ski" Dinan, and "Stretch" Fleming are showing the new members how it used to be done back in '31. They are hoping that the four year rule will be changed soon.

It really is too bad that so many have to be kept in suspense over this rule. It is a rule that should stay on the books, and more than likely will. But every so often somebody makes a pretty speech, and hope once again comes into the hearts of those rather foolish ones who think that the stony hearts behind the thing will relent and call it off, but I very much doubt it.

Mr. "Husky" Crovo is certainly due for one busy week. He must realize it for he was taking things easy yesterday. He starts Thursday with the track meet which he ought to cop. Friday is the baseball game with Lexington at that town. Saturday he will play against Winthrop in this town. He will more than likely pitch one of the games and play in the outfield in the other.

There is a rumor of Arlington High having spring football practice. As yet little is known and time is certainly going fast for this type of sport but there will be time enough for about two weeks of it. The delay seems to be due to the fact that Coach O. tegren finds he needs all his time at the baseball field.

Club Rules

1. Be kind and helpful to others.
2. Look both ways when crossing streets.
3. Always be kind to dumb animals.
4. Write a letter to Daddy Sunshine, or have Mother or Dad write it for you, every now and then.
5. Try to bring a "Ray" of Sunshine into the lives of your parents and others every day of the week and every week of the year.

These rules are not very difficult for good girls and boys to keep. Most of them are kept by them anyway. Mail your letters and stories to Daddy Sunshine, in care of this paper. He will answer them in the Daddy Sunshine Column.

Write on both sides of the paper, and place your age and address on the letter after your name. Give the day, month and year of your birth.

To join the club all you have to do is promise to keep the rules—and keep them.

SUNSHINE PRODUCERS

Silver paper is still coming in in large amounts. In fact the children seem to have exerted themselves even more so than ever before to increase the many tons of tin foil that the club is going to bring to the Springfield hospital of the Shrine in June. There is no doubt that, from present indications seven ton or more, will be the weight of the precious metal to be presented to the Crippled Children's hospital.

Tonight Daddy Sunshine is publishing the names of the children who have brought in tin foil during the past few days: Ella Rogers, 62 Summit road, Medford; Willard Bingham, 34 Gould road, Arlington; Kathleen Coulson, 7 Hickory avenue, Medford; Barbara Crowell, 41 Cherry street, Medford; Gayle Clark, 25 Valley road, Medford; Roy Clark, 25 Valley road, Medford; Noeline Graham, 122 Fountain street, Medford; Arthur Brown, 29 Daniels street, Medford; Edward Binkins, Pidgeon, 26 Daniels street, Medford; Verna Lake, 332 Fulton street, Medford. Verna, by the way brought in about 15 pounds of the tin foil.

From Marjorie

Dear Daddy Sunshine: I promised to write you another letter. So here it is. Saturday afternoon after the show I went to your office, but the girl said you would not be back until Monday, so as soon as I get a chance I will come down and see you.

Next week we will not have to go to school, and through the vacation I expect to be roller skating most of the time; as all I do is roller skating in my spare time.

Here is a puzzle I made from the Western states.

Dear Daddy Sunshine:

I hope you will excuse me for not writing you sooner.

But I have to do so many things Daddy would you mind sending me a pin if you have one? I lost the one I had before.

This is going to be quite a little surprise if I tell you that I am now a Girl Scout. I have had to pass my tenderfoot test, before I could be a real scout. I belong to troop fourteen patrol one. I joined them the last of December 1931. And I like it very much.

Love to you and Miss Sunshine

UNWORTHY

Continued from Page Three

\$10 State Aid and is paid \$17 Soldiers' Relief. His compensation amounts to \$23.20.

— is a single man and has been paid \$35 Soldiers' Relief which we feel should be reduced to \$30 if he is now out of employment and in need of assistance.

— has a needy case, judging by the report, and should be helped.

— you could very well reduce Soldiers' Relief in this case to \$50 a month, which with pension of \$12 and State Aid should care for the family on condition that he is cooperating and endeavoring to find a job.

— received \$60 Soldiers' Relief for February. This man is obliged to meet \$71 a month interest on mortgages, plus taxes of \$20 monthly. He has a large Co-operative Bank mortgage of \$6400. His father, age 77, will be either a case for Old Age Assistance or Soldiers' Relief if dependent on the veteran and legally settled in some city or town in the State. I do not consider that this case should be paid Soldiers' Relief in view of the fact that he has not tried to adapt himself to reduced conditions.

— appears like a worthy case. However, the man would seem to have a case for Military Aid on account of his disability.

— has property in a Co-operative Bank, also has a court record, both of which are a bar to relief. This man was last paid aid in your city in April, 1931 and had three previous records for drunkenness.

— No Case — has not a case for relief now. We find that he received a check from the John Hancock Life Insurance Company on a disability policy amounting to \$469 on February 20th and now has about \$300 in the First National Bank. He expects to receive \$30 monthly from the same organization. He shows a statement of bills amounting to \$715. The veteran is suffering from a collapsed lung and is rated as permanently disabled but is not entitled to Compensation, Disability Allowance or Adjusted Compensation because of short service. The man was able to earn \$3000 a year and is rather discouraged over the condition of his case at present. Furthermore, we are not quite pleased with the way he tried to conceal the receipt of this insurance policy. The man now regrets the fact that he intentionally kept this information from us. He now expresses regret in the matter and I feel that same is really genuine but for the present, with the above amount of money, he would not have a case for relief.

— We note that — receives \$12 a month from the Veterans' Bureau and would appear to be a case for State Aid rather than Soldiers' Relief if you so recommend.

— appears to have a worthy case for the amount of relief now paid him.

— Received Compensation — received a government check for \$81.60 on February 7th and a Soldiers' Relief check for \$50 on February 15th. He also receives \$18 a month disability allowance and is paying for property through a Co-operative Bank. I am wondering if this man acquainted the Soldiers' Relief Agent in your city with the fact that he received \$81.60 from the government, before accepting the Soldiers' Relief allowance.

— appears to be deserving of aid but for the fact that the man is paying \$35 a month rent.

— seems to be worthy and deserving of the aid paid him.

— is another good case for relief but another one of your Soldiers' Relief recipients paying rent of \$35 a month.

— seems worthy and in need of the amount of Soldiers' Relief you are now paying him.

— widow of — should apply for State Aid in Boston if she has not already done so. There is no doubt but that the son, 21 months of age, is helped by the boy. The boy is unemployed and they are both living with the applicant's daughter.

— It would appear from the report that — has a worthy case for assistance.

— should be helped. The man only earns \$20 a month and is obliged to pay rent of \$30.

— would seem like a good case to help. I note the man has a straightline mortgage on his property which mortgage is in excess of the assessed valuation.

— Helps Father-In-Law

Concerning —, it would seem that this man's wife should receive some remuneration for the work done in running her father's home and thereby reduce your Soldiers' Relief to at least \$10 a month.

— You are now paying \$20 in addition to State Aid paid the soldier and \$40 a month pension. The father, is in a position to pay for housekeeping work done by the daughter in view of the fact that he earns \$50 a week. If proper arrangements were made in this case, it would appear to us that you could very well suspend Soldiers' Relief entirely.

— Should Get More — is not receiving ample Soldiers' Relief to take care of such a large family. The present amount granted of \$55 should be at least \$65 or \$70 a month to take care of this family under present conditions. I am glad to note one case cut down to reasonable rent. This veteran pays \$28.

— appears from our agent's report to be worthy. The man receives \$12 a month pension and you granted \$15 Soldiers' Relief.

Being single the man should be able to find something to do and relieve you of a little of the Soldiers' Relief responsibility that you have to meet.

— is worthy of help but the man is paying \$35 a month for rent.

— is deserving and very much in need of Soldiers' Relief that he has been paid.

— Gose For Insurance — would have a good case but for the amount of insurance premiums he pays of approximately \$15 a month. It is not the intention of the relief laws to grant aid for payment of insurance policies. This man has a large family and without doubt there is need of aid but some different arrangements should be made concerning the payment of insurance.

— has a worthy case for State Aid and Soldiers' Relief that he is now receiving and same should be continued at present.

— You will report after May in the case of — regarding reduced rental. The man is paying \$35 a month rent which barely leaves him nothing for support of a family of seven. Unless there is some other income not noted in the report, the man is either denying his family proper support or the landlord is going without his rent.

— does not appear to be a case for Soldiers' Relief in view of the fact that the man owns an automobile and is paying rent of \$45. It is very evident that this man is not adapting himself to reduced conditions.

— would seem from the agent's report to be very much in need of relief that he is being paid.

— \$76 For Mortgages — appears to be obliged to meet expense of \$76.18 a month on mortgage interest to the Co-operative Bank and the Metropolitan Bond and Mortgage Corporation. There are eight in the family and there is no doubt that they are in need of assistance but I cannot see where you can grant aid to this man in view of the tremendous expense he has to meet in mortgage interest.

— Has Good Job — commenced work for the Metropolitan District Commission on March 15th and is earning \$12 a week. He is now receiving \$12 a month pension and you will therefore suspend aid by reason of his employment. Furthermore, I note he is paying \$37 a month for rent.

— appears to be very much in need of the aid paid him.

— is receiving \$115 a month compensation and is paying \$40 a month for rent and does not appear to be in need of Soldiers' Relief that you are granting him. We certainly cannot under present conditions grant Soldiers' Relief to any veteran receiving the above amount of money from the government and paying the exorbitant rent of \$40.

— seems worthy and in need of relief.

— seems to be a very deserving and needy case. This man recently lost two children by death.

— widow of —, seems to need the State Aid and Soldiers' Relief paid her.

— Money In The Bank — would be a good case for aid were it not for the fact that this man is paying \$17.30 a month for insurance. However, I find that the case does not really belong to you as the man has, without doubt, a settlement in Somerville. This veteran has \$706 in the Medford Trust Company.

— owns a 1929 Essex Coach. He is receiving \$18 a month Disability Allowance and \$45 Soldiers' Relief in February. It is also noted in the report that he has an equity of about \$1400 in property.

— has turned out to be a very deceitful case. He tried to make it appear that all he was receiving in compensation from the Veterans' Bureau was \$22.50 a month. I find that he received \$90 a month from January 16, 1931 to January 28, 1931; \$22.50 from January 28, 1931 to June 19, 1931; \$90 from June 19, 1931 and from April 1st, 1932 he was in receipt of \$22.50. This veteran is the examination on March 13th stated to our agent that he was only receiving \$22.50 compensation. He also stated that this was his only income from all sources. We find that his wife has been getting \$57.50 a month insurance for a long while on the service of a son who died overseas, said son being by her first marriage. This man lied all the way through about his condition. When questioned about his wife getting \$57.50 insurance, he became very abusive to the agent and tried to create the impression that he was going to get the aid by reason of "pull." Our agent had the check for \$10 for March held up. We were unable to get any record of past payments of Soldiers' Relief in your office although his talk would indicate that he drew aid oftener than your rolls indicate. This man should be punished if you find while receiving the above amount of compensation, in addition to his wife's receipt of \$57.50.

— is having a hard time to get along and is making a real attempt to get on his feet financially. The man called here on April 2nd in regard to registering a truck, which he thinks would help him in earning something for the support of himself and family. In fact he impressed us so with his story that I advised Capt. Magee that I thought the man should be assisted.

— receives \$12 pension, \$9 State Aid and \$25 Soldiers' Relief but is paying \$35 a month rent. The case would appear to be worthy were it not for the amount of rent he pays.

— Judging by the report of agent, appears deserving of the aid you are now paying him.

— receives \$12 pension and \$40 Soldiers' Relief but the man is paying \$40 a month rent, which only leaves \$12 to support himself, wife and three children.

Do You Know?

BY CHET WINN

That the elevation of land at the foot of the standpipe in Arlington Heights is 377 feet. . . That a combination of the Rose bud moss and Myrtle signify a confession of love. . . That the same calendars can be used every twenty eight years if they are not in the same century. (If this depression keeps up I'll probably use this one again). . . That when you hold two pairs and are sure of fighting against a hand of three your best chance, provided one of your hands is sufficiently high is to discard the small pair and to draw three cards. . . That to be a good football player a man must have brains "guts" speed, self-restraint, motor coordination, fire of nervous energy, and to a lesser degree physique and an unselfish point of view or sacrifice for the team. (Knut Rockne). . . That in 1892 (April 19) it is claimed the first automobile in the United States was operated by its inventor, C. A. Duryea. . . That John Easton goes swimming all winter over at L street.

This man's last employment was December 12, 1931 and evidently he has taken no steps to adjust his case to his reduced income.

— widow of —, the soldier died on January 13th. I note the widow received \$850 in insurance and less than two months after the veteran's death she is seeking assistance. She is paying \$37 a month for rent. This man should be able to find cheaper rental if she expects your City to help. Furthermore, she should advise regarding the amount of Adjusted Compensation she received from the Veterans' Bureau.

— does not appear to have a case. The man's home is assessed for \$6500, there is a mortgage in a Co-operative Bank and a second mortgage of \$750. The Co-operative Bank mortgage costs him monthly \$59 and the second mortgage \$10. He receives \$42 a month rent from one apartment. The man was working four days prior to the examination and received \$20. In view of the Co-operative Bank mortgage, earnings and rentals, it would not appear to be a case for Soldiers' Relief at present.

I am wondering how — can get along and pay rent of \$30 on Soldiers' Relief of \$20, and also pay \$2 a week on insurance premiums. This man last worked December 12th and apparently has taken no steps to meet the conditions of his case.

— seems like a worthy case and deserving of help. I note the man's wife is now in the McLean Hospital which, of course, makes his case all the harder.

Suspend State Aid after January 1st, the ease of — as the man started to work on February 1st.

— is paying \$45 a month for rent. He has an automobile and insurance premiums cost him over \$15 a month. In no way can this case be considered one for public assistance at present.

— was employed but did not expect the job to be steady. Your agent should check up on his earnings before further aid is granted. This veteran pays \$30 a month rent.

— with his present earnings should be able to get along without assistance from the Soldiers' Relief account. Furthermore, I note he has a Dodge Sedan which is not registered for this year. It may be well to suggest that he get rid of the automobile should he again look for assistance.

— insists on keeping his wife's automobile. Under the circumstances, I do not think that the man has a case for aid.

— has an equity of \$3000 in real estate and \$1500 in Company. I do not feel that Soldiers' Relief should be paid when the man has about a \$3000 equity in property.

— has a bad court record which would be a bar to Soldiers' Relief. I note the report says he is the recipient of Public Welfare in Boston of \$10 a week and settlement belongs in Medford.

Respectfully,
RICHARD R. FLYNN,
Commissioner.

High Track Men
Preparing For
Lexington Meet

Arlington High track team begins another season with the expectation of a winning team as of the usual calibre of Arlington teams.

The speedsters have to stretch them for the first time this year in Belmont where they race the Belmont track team. This race is to be run a little different than usually. The teams are to be separated into classes, each team to have three. The object is to make the race a little more even.

The classes are Sophomore, Junior and Senior. Each will run against his own class thus making competition much keener.

The team has developed remarkably well under the poor conditions, and the lack of time in which to train properly. Coach "Doc" McCarthy as usual is not too optimistic as to the probability of the team.

There are one or two points that team will not capture. Crovo a Junior, and all-Scholastic, is sure to take the shot put. He is tossing them out as far this year if not a little farther. In the pile, for the Juniors, Lowery seems to be showing a clever pair of heels to most of his opponents. Phinney in the dashes, will prove hard medicine for the opposing steppers to swallow.

Shoe Manufacturer
On Radio Tonight

Why New England leads the country in shoe production will be discussed by Alfred W. Donovan, President of E. T. Wright & Company, Inc., shoe manufacturing concern of Rockland, Mass. As the New England Council speaker this evening, 8:45 p. m., Mr. Donovan will be heard over stations WAAB of Boston, WPRO of Providence, WORC of Worcester, WICC of Bridgeport and New Haven, WLBZ of Bangor, Me., and WFEA of Manchester, N. H. Ever alert to new ideas and short-cuts in manufacturing, Mr. Donovan has attracted nationwide attention by having the machines in his factory painted in different colors, according to the lighting properties of the respective departments, so as to relieve eyestrain and fatigue on the part of the operatives. Mr. Donovan is a director of the New England Council, and will be interviewed by Dudley Harmon, Executive Vice President of that organization.

DESCENDANT OF JOHN BROOKS
TO UNVEIL TABLET MARKING
VISIT TO ANCESTOR'S HOME

The tablet marking Gen. Washington's visit to be placed on the house which occupies the site on which stood the Jonathan Watson house, on High street, Medford, will be unveiled April 19th, by Miss Mary Brooks.

Miss Brooks is one of two collateral descendants of Governor John Brooks, living in Medford, the other being Edward M. Brooks, of Governors avenue, a teacher in the Medford High school, and noted for his scholarship as well as for his athletic prowess during his college career. Miss Brooks lives in the old Jonathan Brooks house at the corner of High and Woburn streets in Medford.

Governor Brooks had two sons, both of whom fell in the service of their country during the Revolution, and one daughter who married a Canadian. It is one of the strange paradoxes of history that the man who fought valiantly to free his country from the rule of the King of England should have a grandson who became Mayor of Montreal.

By the third generation none of his descendants bore the name of Brooks, but the collateral line had been more fortunate.

First Brooks in Medford
The first Brooks to settle in Medford was Caleb, who came here 1679, and built a house on High street, in what is now West Medford. It was situated immediately opposite the end of Grove street. This house has long since disappeared. Caleb Brooks had two sons, Ebenezer and Samuel.

Governor John Brooks traced his descent through Ebenezer and his son Caleb, who lived at Symmes corner, now in Winchester. The house stood until 1882. Miss Mary Brooks, who is to unveil the tablet, traces her descent through the other son Samuel, and is herself in the eighth generation from the first Caleb.

Another Branch
Yet another branch of the same family, still intimately connected with Medford, descended from the same Caleb, until in Revolutionary days it split in the family of Samuel Brooks. One of Samuel's sons, Thomas, built the white-washed brick wall, known as the "slave wall" which still stands on Grove street, near the railroad bridge. Thomas was one of the ancestors of Miss Mary Brooks. Rev. Edward Brooks, the revolutionary hero, was the brother of Thomas, and the father of Peter C. Brooks, the founder of the family which still retains the beautiful Brooks estate on Grove street, part of which is to be always open as a bird sanctuary. It was on this estate that the Pageant of the Mystic was presented during Medford's Tercentenary year, through the graciousness of Mrs. Shepherd Brooks, the present owner.

Old Brooks House
The home of Miss Mary Brooks is one of the few Colonial dwellings in Medford now occupied by a descendant of the family which built the house. Passers-by have noted the picturesque old house with the great sycamore standing before it. The ell in the rear was the first part of the house to be erected. Paul Revere undoubtedly stopped at this house to give warning on his memorable ride to Lexington and it has become the custom for the riders who depict him each year, to stop at the old house.

The house opposite on High street, in which Dr. Richard D. Drake now lives is also standing as in the days of Paul Revere.

In the Brooks family there is a tradition that John Hancock after fleeing from Lexington, to escape the advancing British troops, went across country and some time or another spent the night in this old Brooks house. It is especially fitting that Miss Mary Brooks who ties the present with the past, should be chosen by the Medford Historical society to unveil the tablet commemorating the visit of General Washington to the home of one of her forebears, General John Brooks.

HOLD BUSINESS MEETING
The Mystic Players' Dramatic club of West Medford, held a business meeting at the home of Robert Ashton, 25 Hildcroft park, West Medford.

Fifteen members were present to discuss important matters pertaining to the business of the club. Refreshments were served.

West Medford
—C. M. Kriner, of 135 Playstead road, is in Belfast, Me., and vicinity for a few days on business.

—E. A. Ackerberg, of 156 Woburn street, has been ill at his home for over two weeks. Little Anja Ackerberg, six years old, who was very ill with pneumonia and complications, is improving rapidly.

—There will be no mid-week meeting Thursday evening of this week at the Congregational church because of the annual supper and meeting on Tuesday, at which reports were read and officers elected for the coming year. The annual meeting has in former years been held in January.

Back in New Jersey
Mrs. Harry Pearson, who motored to Medford last week to visit her parents, Mr. and Mrs. E. N. Brown of 28 Brooks street, started back for her home in Bloomfield, N. J., on Sunday. With her were her seven-year-old son Donald, Mrs. Everett Boatman and her little daughter, also of Bloomfield, who formerly lived here. Mrs. Harry Mardon, of 65 Grove street, is also accompanying them and will be Mrs. Pearson's guest for a week.

To Further Plans
For Young People's
Organization, Apr. 25

Extensive plans are now being made for the meeting of the Young People's organizations of the nineteen Protestant churches of Medford to take place in the West Medford Trinity M. E. church, Monday evening, April 25, at 8 o'clock. Frank Marshall, president of the Rollins class, is in charge.

The purpose of the meeting is to organize the young people of the different churches into a union that will promote fellowship through various activities and athletic teams.

The ministers and leaders of the Young People's organizations will attend. The exchange of visits between the different churches has created much enthusiasm, and it is expected the attendance at the coming meeting will be large.

"I didn't know a cigarette could taste so good,"
one smoker tells another

Chesterfields are milder—they taste better—that's what more and more smokers are finding out every day!
